SHAPE YOUR DIGITAL FUTURE !

The **12th UN Internet Governance Forum (IGF)**, hosted by Switzerland at the Palais des Nations in Geneva, is the world's largest open platform **for multistakeholder dialogue on digital policy issues**. It is open for participation to everybody from all over in the world. There is no fee.

Titled **"Shape Your Digital Future!"**, the IGF 2017 allows YOU to **share experiences and to discuss the latest opportunities and challenges of digitization** with representatives from governments, private sector, civil society, the technical and academic communities, and international organizations.

Schweizerische Eidgenossenschaft
Confédération suisse
Confederazione Svizzera
Confederaziun svizra

The **IGF 2017** will address questions relating to **cyber security, the data economy, sustainable development, human rights** on the internet, as well as the influence of digitization on our economy, the media landscape and the political system.

With over **30 international Organizations and 250 NGOs**, think tanks and other private institutions, **Geneva is one of the main hubs** in the world where digital policies are being debated, evaluated and adopted.

Having the **IGF 2017 in Geneva** provides the **unprecedented opportunity to break the silos** and bring together experts and decision-makers from all sectors to embark on **new constructive cooperation and partnerships**.

Registration is open for all stakeholders and free charge, please visit <https://igf2017.swiss>
